

A Reputation Built on Quality and Customer Support

Industrial distributors, OEMs and end users today need access to high-quality power transmission components for mission critical applications. These include mounted bearings, housing solutions, locknuts, solid and split pillow blocks, and adapter assemblies used in a wide range of industrial applications.

HERE ARE 5 REASONS TO CHOOSE STANDARD LOCKNUT:

QUALITY + SERVICE = A WINNING FORMULA

SERVING INDUSTRY FOR 75+ YEARS

Standard Locknut has earned a long-standing reputation for building durable, long-lasting components and accessories while providing the highest level of customer service and support.

01 - SOURCING

EASY, HASSLE-FREE SOURCING.

We pride ourselves on taking the pain out of component procurement by offering a **broad range of available inventory**, simple online or telephone purchasing and rapid order fulfillment. Real humans are available to place your order and answer your product questions, sometimes on a **24/7 basis**.

02 - MANUFACTURING

HIGH-QUALITY, AMERICAN-MADE PRODUCTS.

Standard Locknut is based in the United States and all our products are built in our **Westfield, Indiana manufacturing plant**, not some overseas facility. Our Made-in-the-USA components are engineered to conform to the **tightest specifications** and perform dependably in the **most demanding conditions**.

03 - ENGINEERING

COMPONENT CUSTOMIZATION CAPABILITIES.

More complex industrial applications often require **highly customized solutions** to maximize performance. We have the in-house engineering and support staff needed to develop customized component solutions **designed to fit your specific requirements**.

04 - SUPPORT

STRONG CUSTOMER SERVICE AND SUPPORT.

Specifications and requirements for power transmission components can be highly technical, often requiring expert guidance and assistance. We're here when you need us – you can **reach an associate live** to answer your questions or address your issues quickly **by voice or email**.

05 - PARTNERSHIP

A TRUSTED PARTNERSHIP.

We are way more than just a components supplier. We act as a **trusted partner and extension of your industrial sourcing team**. We will do whatever it takes to deliver the best component solution that ensures your **mission critical application's success**.

75+ YEARS OF INDUSTRIAL EXCELLENCE

Standard Locknut has delivered the most durable industrial components and highest level of customer service for more than 75 years. Our products are built to maximize the life of your industrial components, which provides a strong value proposition and solid return on your investment. As your trusted partner, Standard Locknut makes acquiring high-quality power transmission components and accessories easy and hassle-free.
